301-313-2009/v 301-313-9892/f

Presidio Networked Solutions, Inc. is hereby submitting this formal request to the FCC to appeal the denial from USAC regarding our request for an Invoice Deadline Extension for the subject FRNs/BEN.

We plead your urgent consideration and approval to allow us this extension for goods and services already delivered to the Applicant and full payments made to our vendor and to immediately submit our final invoice totaling \$181,939.77 for reimbursement of same.

Another compelling argument, significant to this letter of appeal: Presidio has acquired the regional office where this Applicant resides – we have a dedicated staff in place to manage all requests. Personnel receive continuous training and are committed individuals employed to give full time and attention to SLD accounts.

We mercifully and respectfully ask this official FCC appeal be granted.

Thank you for your time and attention to our request.
